Dear Mr. Harbour:

In processing your COA renewal application for landscape architecture, I noted that your firm is a LLP. You have been registered as a Partnership with the Landscape Architects, therefore, I will be presenting your application to that Board at their September 17, 2008, meeting as a formality to approve your LA COA renewal as a LLP.

However, in searching the RI Secretary of State's database, I also noted that you still have land surveying listed as a purpose with their office. Per a letter and COA application submitted by your firm and received in this office on May 3, 2006, your firm was then approved as exempt from a PLS COA since you no longer had a Rhode Island registered land surveyor in responsible charge. Therefore, you will need to amend your purpose at the Rhode Island Secretary of State's office (401-222-3040 - ask for corporations) to EXCLUDE land surveying immediately.

Please feel free to contact me if you have any questions.

Very truly yours,

Christina M. Styron
Administrative Assistant
