Re: Corporate Reports for the years 1991 and 1992
Corporate ID 0034005

Dear Filing Department:

This will serve as written verification that the above Corporate filing fees for 1992 and 1991 were filed along with the reports. Prior to this letter, I called back in November and spoke to a girl by the name of Mary, in any event I told her that as of that date my canceled checks for the above mentioned reports had not been processed back to me. She had told me that there were boxes of unopened mail and that the office was upside down. I told her that I would resend a new check and the copies of checks and the reports would be sent also.

Enclosed please find a check for \$100.00 #10878 replacing checks #9824 for 1991 and check # 10053 for 1992 and the reports for each year. I hope that this will take care of our filing fees and make us current.

Should you have any questions, please don't hesitate to give me a call.

Sincerely,

Ann Marie Carbone,
Secretary/Bookkeeper
