September 17, 2021

Dear Sir/Madam,

The purpose of this letter is to request that my listing as a Director of the following RI business be removed/revoked. I never agreed to become nor authorized being named Director and have never acted in that capacity nor participated in any meetings or proceedings for this entity. I'd like my information to be removed from these records. I first noticed that I was listed on them in March of 2018 and emailed a request to Gail Cavanaugh, President, to remove me. My request never received a response and it appears she did not comply with my request. I noticed today that I am still listed, and without any other recourse, I respectfully ask that you formally remove me from this company record:

- The Wisdom Institute (Entity ID 001670399)

Please contact me with any questions, comments or concerns about this request.

Warm Regards,

Sean E. Daniels
