## FILER INFORMATION

*Full name:* **GERMAINE CURTIN, LLC**

*Email Contact at Filer:* **CURTIN@GCURTINLAW.COM**

## SEND ACKNOWLEDGEMENT TO

*Contact name:* **GERMAINE CURTIN, LLC**

*Mailing Address:* **PO Box 45**

*City, State Zip Country:* **GALWAY, NY 12074 USA**

---

## DEBTOR INFORMATION

*Org. Name:* **TASTEX CORPORATION**

*Mailing Address:* **467-469 ROOSEVELT AVENUE**

*City, State Zip Country:* **CENTRAL FALLS, RI 02863 USA**

---

## SECURED PARTY INFORMATION

*Org. Name:* **LUFTEX PERFORMANCE YARNS, INC.,**

*Mailing Address:* **322 COLLIER RD.**

*City, State Zip Country:* **TOCCOA,, GA 30577 USA**

---

## TRANSACTION TYPE: STANDARD

**ALTERNATIVE DESIGNATION: BAILEE-BAILOR**

---

## COLLATERAL

ALL PAPER SUPPLIES, EQUIPMENT AND OTHER ASSETS OWNED BY SECURED PARTY AND STORED AT DEBTOR'S FACILITY AT 467-469 ROOSEVELT AVE., CENTRAL FALLS, RI 02863, INCLUDING BUT NOT LIMITED TO THOSE ASSETS OF THE ATTACHED SCHEDULE. SUCH ASSETS ARE BEING HELD BY DEBTOR AS BAILEE, UNDER A MUTUAL BAILMENT.

## PRODUCTION EQUIPMENT

- 1 Stable Air Jet Texturizing Machines, Model RMD-2, Serial Number N/A, Year 2001, (24) position, each position is equipped with (2) heated godets rolls (core/effect), (2) hot pins, (2) draw rolls, 3.0 meter post heater, sound box with wetting device, cold 100% roll with cold stabilizing roll, (6) end creel/position and Barco Electronic Monitoring  
*Note: Older Barco Monitor*

- 1 Stable Air Jet Texturizing Machines, Model RMD-2, Serial Number N/A, Year 2001, (8) position, each position is equipped with (5) heated godets rolls (core/effect/post), 3.0 meter post heater, sound box with wetting device, cold 100% roll with heated stabilizing roll, (6) end creel/position and Barco Electronic Monitoring  
*Note: Barco Monitor Not Working*

- 1 Stable Air Jet Texturizing Machines, Model RMD-2, Serial Number N/A, Year 2001, (4) position, each position is equipped with (5) heated godets rolls (core/effect/post), 3.0 meter post heater, sound box with wetting device, cold 100% roll with heated stabilizing roll, (6) end creel/position  
*Note: No Barco Monitor*

- 1 Stable Air Jet Texturizing Machines, Model RMD-2, Serial Number N/A, Year 2001, (24) position, each position is equipped with (2) heated godets rolls (core/effect), (2) hot pins, (2) draw rolls, 3.0 meter post heater, sound box with wetting device, cold 100% roll with cold stabilizing roll, (6) end creel/position and Barco Electronic Monitoring  
*Note: Older Barco Monitor*

- 1 Stable Air Jet Texturizing Machines, Model RMD-2, Serial Number N/A, Year 2001, (24) position, each position is equipped with (2) rubber godets rolls (core/effect), sound box with wetting device, cold rubber stabilizing roll, (6) end creel/position and Barco Electronic Monitoring  
*Note: Newer Barco Monitor*

PZ

## PRODUCTION EQUIPMENT

- 1 Stable Air Jet Texturizing Machines, Model RMD-2, Serial Number N/A, Year 1999, (4) position, each position is equipped with (2) heated godets rolls (core/effect), (2) hot pins, (2) draw rolls, 3.0 meter post heater, sound box with wetting device, cold rubber roll with cold rubber stabilizing roll, (6) end creel/position  
Note: No Barco Monitor

- 1 Stable Air Jet Texturizing Machines, Model RMD-2, Serial Number N/A, Year 2001, (24) position, each position is equipped with (2) rubber godets rolls (core/effect), (2) hot pins, (2) draw rolls, 3.0 meter post heater, sound box with wetting device, cold rubber stabilizing roll, (6) end creel/position and Barco Electronic Monitoring  
Note: Newer Barco Monitor  
Note: (8) Positions Only have post heater tubes  
Note: (4) Position do not have drawing but can be installed with parts on hand

- 1 Stable Air Jet Texturizing Machines, Model Original Design, Serial Number N/A, Year 1988, (24) position, each position is equipped with (2) rubber godets rolls (core/effect), (2) hot pins, (2) draw rolls, sound box with wetting device, cold 100% roll with cold stabilizing roll, (6) end creel/position and Barco Electronic Monitoring

- 1 Quaker Air Jet Texturizing Machines, Model N/A, Serial Number N/A, N/A, (20) position, each position is equipped with (2) heated godets rolls (core/effect), sound box with wetting device, with rubber cold stabilizing roll, (6) end creel/position and BTSR Electronic Monitoring  
Note: BTSR Electronic Monitoring not working  
Note: Take-up head has a metal grooved drum

## PRODUCTION EQUIPMENT

- 8 Enterprise Air Jet Texturizing Machines, Model N/A, Serial Number N/A, Year N/A, (4) position, each position is equipped with (2) cold rubber godets rolls (core/effect), sound box with wetting device, with cold rubber stabilizing roll, (6) end creel/position  
*Note: No BTSR Electronic Monitoring*  
*Note: (1) Position has Slub Yarn Attachment*  
*Note: Take-up head has a metal grooved drum*

- 26 Enterprise Air Jet Texturizing Machines, Model N/A, Serial Number N/A, Year N/A, (4) position, each position is equipped with (2) cold rubber godets rolls (core/effect), sound box with wetting device, with cold rubber stabilizing roll, (6) end creel/position [NOT INSTALLED]  
*Note: No BTSR Electronic Monitoring*  
*Note: Metal Grooved Drum Take-ups*  
*Note: Good for Hair Yarn*

- 1 Eltex Taslan Yarn Air Texturizing Machine, Model AT, Serial Number N/A, Year N/A, (20) position, each position is equipped with (2) rubber godets rolls (core/effect), (2) hot pins, (2) draw rolls, with cold rubber stabilizing roll, (6) end creel/position  
*Note: No BTSR Electronic Monitoring*  
*Note: Heat Rolls installed on (12) positions only and Hot Pins on all (20) positions*  
*Note: Dog & Eye Eltex Take-up*

- 1 Eltex Taslan Yarn Air Texturizing Machine, Model AT, Serial Number N/A, Year N/A, (4) position, each position is equipped with (2) rubber godets rolls (core/effect), (2) hot pins, (2) draw rolls, 3.0 meter post heater, cold rubber stabilizing roll, (6) end creel/position and BTSR Electronic Monitoring  
*Note: BTSR Electronic Monitoring not working*  
*Note: Dog & Eye Eltex Take-up*

PS

PRODUCTION EQUIPMENT

1 Eltex Taslan Yarn Air Texturizing Machine, Model AT, Serial Number N/A, Year N/A, (20) position, each position is equipped with (2) rubber godets rolls (core/effect), with cold rubber stabilizing roll, (6) end creel/position and BISR Electronic Monitoring

Note: BISR Electronic Monitoring not working

Note: Dog & Eye Eltex Take-up

1 Lessona Ring Twisters, Model 514, Serial Number N/A, Year N/A, (86) spindles, 7" ring x 14" traverse, 10 HP motors complete with overhead creels

1 Leeson Model 50 Winders, (84) spindle set up for precise wind finger tubes, all have yardage clocks

1 Chavis Cone Winder, Model 1610, Serial Number 918, Year 1977, (24) spindles, with cams, and arbors to wind 9 deg. 36' cones, 6" traverse, also 3 deg. 51' cones, 10" traverse, automatic stop motion, tension guides and micro switches to maintain uniform package size, conveyor for finished package to container

1 Lot of (2500) Twister Bobbins, Solid Phenolic

006 RA

# LABORATORY AND PLANT SUPPORT EQUIPMENT

## 1 Lot of Laboratory Equipment, consisting of:

- (1) Dye Heating Oven
- (1) McBeth "Spectralite" Color Light Booth
- (1) Enka Tenacity and Elongation Tester
- (1) Scott Tester
- (1) Moisture Tester
- (1) Suter Fine Denier Tenacity & Elongation Tester
- (2) Skein Reelers
- (1) Edwin Benz Computer Material Testing Unit
- (1) Soabar Label Printing Machine
- (2) FAK Yarn Sample Knitter (fine and course gauge)
- (1) Dell Computer System for labels with OKI Data Dot Matrix Printer with software

1 Industrial Dryer Co. Yarn Conditioning Box, Model ST-2, Serial Number N/A, Year N/A, electric, complete with steam & dry heat controller and recorder

1 Lewis Ultrasonic Jet and Jet Core Cleaning Unit

1 Armstrong Cot Buffing Machine, with progressive traversing attachment

# MATERIAL HANDLING

- 1 Hyundai LPG Fork Lift, Model 18/C-7M, Serial Number HHKHHG08ID0000044, Year 2018, 3000 lb. capacity, with fork attachments
- 1 Komatsu LPG Fork Lift, Model N/A, Serial Number FG15ST-15363307A, Year N/A, 3000 lb. capacity, with fork attachments
- 1 Electric Pallet Jack, Model ELE 45, Serial Number 204, Year N/A, 2500 lb. capacity
- 2 Hydraulic Pallet Jacks, 2500 lb. capacity
- 1 Sidewinder Low Profile Stretch Wrapper, Model 3LP, Serial Number N/A, Year N/A, 3000 lb. capacity, 48" diameter platform, with access ramp
- 2 Toledo Platform Floor Scales, 1600 lb. capacity, dial type, 48" x 48" platform
- 1 Lot of (50) Stainless Steel Wire Baskets for streaming twister bobbins of yarn
- 1 Lot of (35) Collapsible Steel Mesh Containers, 2000 lb. capacity
- 1 Coretech Paper Core Cutter, up to 60" capacity
- 1 Piqua 60" Waste Baler, Model HD2200, Serial Number N/A

**MACHINE SHOP AND PLANT SUPPORT EQUIPMENT**

- |   |                                                                         |
|---|-------------------------------------------------------------------------|
| 1 | Lot of Tool Room (Machine Shop) Equipment, consisting of:               |
|   | (1) Lathe complete with attachments                                     |
|   | (1) Floor Model Drill                                                   |
|   | (1) Bench Drill                                                         |
|   | (1) Lot of tools, cutter, reamers, drills, etc.                         |
|   | (1) Lot of Electric room-cable, wire, electric switches, etc.           |
|   | (1) Steam Jenny                                                         |
|   | (1) Aluminum Dock Plate, floor to street, 2 pieces                      |
|   | (1) Rolling Ladder, 9 step                                              |
|   | (1) Hand Strapping Unit                                                 |
|   | (1) Floor Fan (4 foot)                                                  |
|   | (1) Rolling Ladder, 5 step                                              |
|   | (1) Bridgeport Milling Machine, Serial Number 548287 (with all tooling) |
|   | (1) Kalamazoo Metal Band Saw, Serial Number 126-391                     |
|   | (1) Rockwell Wood Band Saw, Serial Number DM7660                        |
|   | (1) Elox Hydraulic Press, Serial Number 289                             |
|   | (1) DeWalt Magnetic Drill Press                                         |

# AIR COMPRESSORS - PLANT PROCESS AIR

- 1 Sullair 200 HP Air Compressor, V200TS-200HH, Year 2016, Serial Number 20163090055;  
(1) Great Lakes Air Dryer, Model GTX-800A, S/N 50516;  
(2) Great Lakes Model GH-1000 Air Filters  
(1) Great Lakes Air Dryer, Model GTX-2000A S/N 50608;  
(2) Great Lakes Model GH-1650 Air Filters  
(2) Manchester 660 Gallon Vertical Receiving Tank, Model 302440

- 1 Sullair 200 HP Rotary Screw Air Compressor, Model TS-20, Type T620-HH,  
Serial Number 003-120198, Year N/A, 2 stage

- 1 Sullair 125 HP Rotary Screw Air Compressor, Model TS-20/125H,  
Serial Number 003-107080, Year N/A, 2 stage

- 1 Sullair 200 HP Rotary Screw Air Compressor, Model TS-20, Type S20-200HH,  
Serial Number 003-133428, Year N/A

- 1 Sullair 100 HP Rotary Screw Air Compressor, Model 16B-75L-AGAC,  
Serial Number 003-74134, Year N/A, maximum pressure 150 lbs., Integral Oil Cooler

- 1 Sullair 75 HP Rotary Screw Air Compress, Model Number 16-60,  
Serial Number 003-77535, maximum pressure 150 lbs., Integral Oil Cooler

- 1 Sullair 30 HP Air Compressor, Model SUBE-30XH, Serial Number 003-88858

- 2 Sturtevant Exhaust Blowers with 5 HP motor drives

- 1 Sturtevant Exhaust Blower with 10 HP motor drive

## WATER SYSTEMS - PLANT PROCESS WATER

1 Lot of Air and Water Lines with Filter System, consisting of:

- (2) Hot Water Standby Systems
- Approx. 250' - 1" water line with shut-off spindle
- Approx. 400' - 2" copper tubing air line with shut-off valves and oil separators
- Approx. 80' - 4" schedule 40PVC line to serve as exhaust pipe for machines air vortex with 2" flexible hose connected to machine
- Approx. 150' - 6" schedule 40PVC line to serve as exhaust pipe for machines air vortex with 2" flexible hose connected to machine

1 DVNA-TECH Membrane Wastewater Treatment System, Model VF-28-12-1H,

Serial Number 840129, System up grade Expansion Module, Model UFZ8-12-6H
